Wet Socks Independent School District – I.S.D. 0008

Perkins Budget:

\$189,000 – Secondary
\$261,000 – Postsecondary
\$450,000 – Total

Summary of Key Activities:

1. Provide awareness of program of study development process to middle and high school teachers/counselors/principals, college faculty, WorkForce Center staff, and school boards
2. Fully develop a program of study in production manufacturing
3. Start up a new manufacturing program at one high school
4. Purchase equipment for manufacturing production program at the technical college
5. Expand Project Lead The Way by 1 course in 1 high school – send teacher to training – purchase equipment
6. Identify mathematics and physics competencies embedded in manufacturing courses
7. Identify business and marketing courses within the consortium and at neighboring colleges and begin the process of connecting through continuum of service provision
8. Continue 1.25 FTE in the college student support office with the expectation that there is outreach to the consortium high schools
9. Provide MCIS site license to four high schools and the college
10. Provide ACCUPLACER access to 11th grade high school CTE students
11. Conduct an annual joint advisory committee meeting for all high school and college CTE programs
12. Coordinate professional development opportunities among high schools and the college
13. Provide one day of discipline-based professional development for each CTE teacher and faculty member
14. Send two coordinators, four teachers and a high school counselor to ACTE
15. Provide ACTE/MnACTE/Affiliate memberships for CTE teachers and faculty
16. Provide for membership and attendance of high school and college coordinators in MACTA meetings
